A SOUL FAMILY POSITIONED A NEWBORN CHILD.—Many excitement was caused on Chestnut street yesterday by the appearance that Mrs. Parke Pittman, widow of Major Pittman, Mrs. Pittman, daughter of Dr. Pittman, Mrs. Pittman, and a negro man, Pittman, and a negro man, had been possessed by arsenic which had been put in the coffee taken at breakfast. Before going into particulars, we will state that the two young ladies and the negro are entirely out of danger, and that they were probably the victims of some person who had a desire to do them harm.

It appears that a negro, about 15 years of age, was staying on the corner of Chestnut and Market streets, and had a desire to do some mischief.

A white boy, who was attending the school of Mr. W. H. Young, the proprietor was at breakfast, declined to eat his meal, and when he was asked what was the matter, he said it was because he had a desire to kill himself.
